Initial Relational Model	-----3
Changes Made to Our EER Diagram	----- 4

Initial Relational Model:

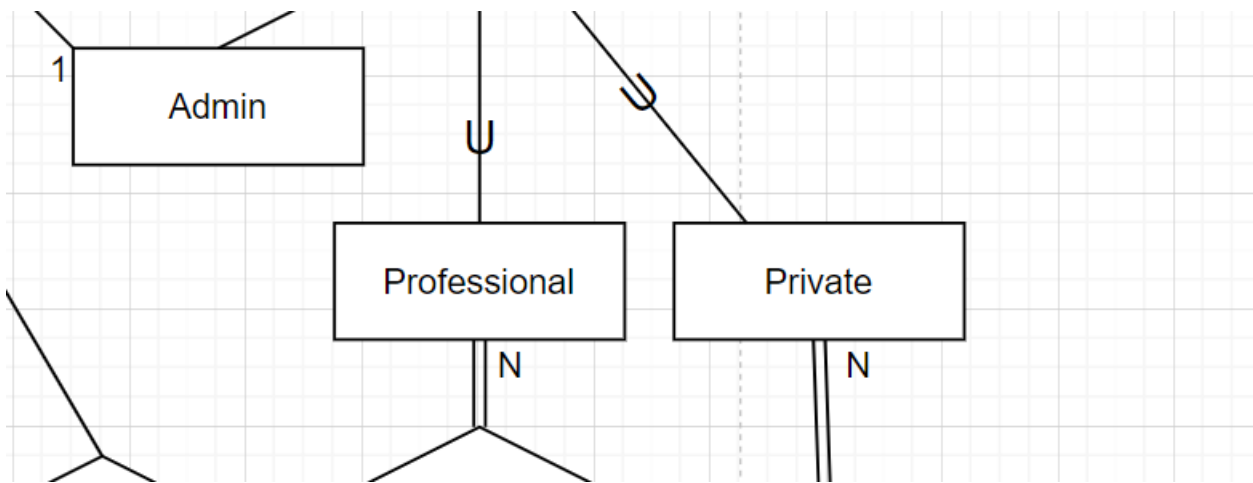

Changes Made to Our EER Diagram:

Correction #1: Changed the name to SecFiling to follow the convention of naming:

Correction #2: Changed the name of the user to Professional from Business since we had two tables with the same name:

Correction #3: Also we changed the names of the attributes with the space now have underscores in the Relational Model a sample is pasted below:
