<b>Changes Made to Our EER Diagram</b>	<b>----- 4</b>

### Initial Relational Model:

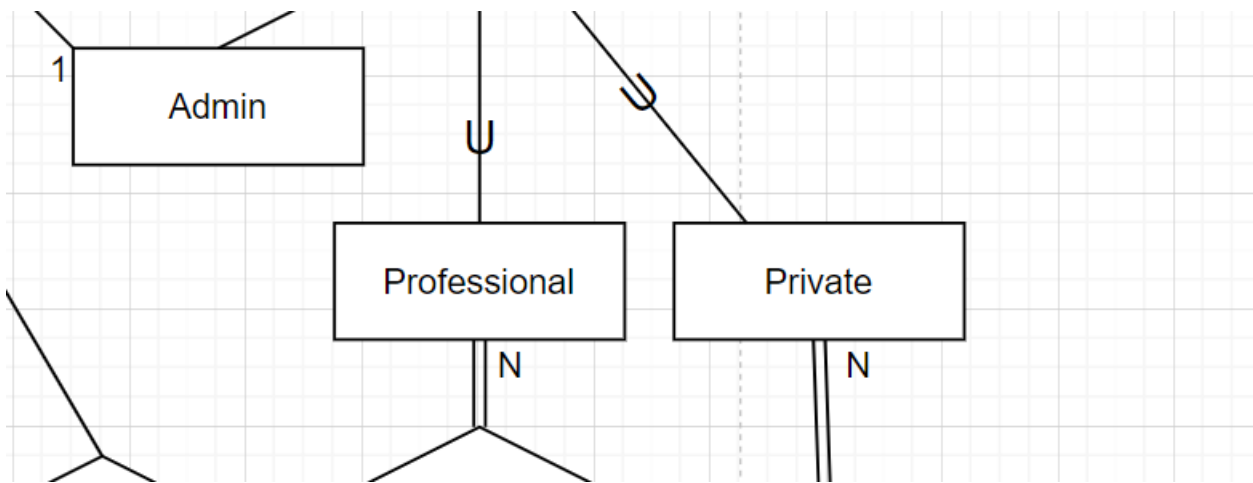

### Changes Made to Our EER Diagram:

*Correction #1:* Changed the name to SecFiling to follow the convention of naming:

*Correction #2:* Changed the name of the user to Professional from Business since we had two tables with the same name:

*Correction #3:* Also we changed the names of the attributes with the space now have underscores in the Relational Model a sample is pasted below:
